create medium piano idea radio video studio violin

patio rodeo pioneer trio stadium audio duo

Challenge

audience radiate cereal Creole recreation

Mrs. Ebbs' Assignment Sheet for the week of March 5, 2018

I can't believe Spring Break is almost here. We're celebrating Dr. Seuss this week with special days and activities. See each day for what fun thing will be going on. Stay safe and healthy over the break.

Spelling: Syllables VC/CV. Say the words slowly while you spell them to listen for the sounds and where the syllables are.

Math: We're moving into fractions this week, but please keep practicing those multiplication facts at home. There are many games linked to my website to practice, or use good old fashioned flash cards.

Reading: We'll learn how basketball was invented this week, and all about the man who came up with the idea. We'll also read some Dr. Seuss stories and discuss the various themes we see in them.

ELA/Writing: Students have been writing a lot, and have new things in the hallway. This week they'll persuade each other to try their favorite sport or game. Ask your student what they wrote about.

Social Studies/Science: We had fun learning about rocks, minerals, and fossils. We'll have a little fun with science activities this week before moving on to our next unit after Spring Break.

Upcoming Dates and information:

Wednesday, Mar 7	PTO Meeting 5:30
Thursday, Mar 8	School Board Meeting 6:00
Friday, Mar 9	11:30 Dismissal
Mar 12 - Mar 16	Spring Break
Friday, Mar 29	Report Cards go home
Friday, Mar 30	No School
Monday, April 2	No School
