assignment livelihood stylish environment guilty

Mrs. Ebbs' Assignment Sheet for the week of April 23, 2018

Progress reports went home Friday, please sign and return them this week. If you'd like to have a conference, please let me know what time as soon as possible, as times will fill up. The weather continues to go up and down, make sure students are dressed for going outside at recess. We will have a field trip this Friday, so the SIUC Plant Biology Greenhouse. Students will need to dress to be outside, and bring a sack lunch. This time we will be eating on the grass area next to the greenhouse. Hopefully the weather will hold out for us. Don't forget the PTO yard sale this weekend. Go through your closets and drop items off on Friday, or come check out the good deals Saturday morning. Congratulations to our classrooms' top spellers: Sara, Tyler, and Julia. These students will compete in the school-wide spelling bee this week. I was very proud of all of the students who participated in the classroom spelling bee, they did a fantastic job!!

Spelling: This week working on words with the suffixes -y, -ish, -ment, -hood. Practice taking the suffix off and seeing what the base word is.

Math: We'll get back to math this week with a fun review of area and perimeter, before moving on to geometry.

Reading: We'll finish up our poems and read about the Lost City of Atlantis this week.

ELA/Writing: Students will finish writing their final copies of poetry, which will be hanging in the hallway for all to read.

Social Studies/Science: We've been learning a lot about the different types of weather, and we'll wrap up with a fun activity. We'll focus on learning about plants and their importance before going to the greenhouse.
